Rocky Mountain Chapter Member Special Discounts to Attend Light Reading Hosted Event

Cable Next-Gen Technologies & Strategies

TUESDAY, MARCH 21 & WEDNESDAY, MARCH 22, 2017 | THE CURTIS HOTEL | DENVER, CO

Participating Companies

Platinum Sponsors

You're invited to attend Light Reading's **Cable Next-Gen Technologies & Strategies** conference in Denver as a VIP attendee. This now two-day event is the premier independent conference focusing on the cable industry's long list of new technologies, including DOCSIS 3.1, OTT video, 4K/UHD video and others.

Cable Next-Gen Technologies & Strategies will lay out the technology roadmaps and business cases for the cable industry over the next few years. The event will take a comprehensive, big-picture look at cable's efforts to develop, deploy and monetize new technologies, products, services, features and apps. The event will also feature a special **Women in Comms breakfast** on March 22.
