Rocky Mountain SCTE

Invites you to become a member or renew your membership!

The Rocky Mountain SCTE was the largest chapter of SCTE in the world in 2018. We would like to invite you to be a part of making that happen again in 2019!

The Society of Cable Telecommunications Engineers (SCTE), along with its global brand, the International Society of Broadband Experts (ISBE), is part of a unique ecosystem that possesses the power to prepare the technical workforce to meet the growing demands of the increasingly sophisticated telecommunications industry.

If you want to know more about being a member of SCTE, click [here](#) for the benefits to you!

If you are not a member, click [here](#) to get signed up! If your employer is an SCTE-ISBE CAP member, you might have a paid membership available to you. Ask your supervisor. If it's true, simply activate your Professional or Executive membership [here](#).

If you were a member in 2018, and you have not renewed yet, click [here](#) to renew your membership for 2019.

Comcast Employees

If you are a Comcast employee, and you are not yet a member of SCTE, check out the ComcastNow article [here](#).

If you work for Comcast and you were a member of SCTE in 2018, your membership will not be automatically renewed. If you are interested in remaining as a member, Comcast will still cover the cost of your membership fees. The process for remaining as a member is simple and the steps are as follows:

1. [Click Here](#) and watch a 3-minute video about SCTE•ISBE.
2. Upon completion, click on the Renew Now button. Kindly include your name and Comcast work email address in your email for renewal.

If you have any questions, please contact membership@scte.org or you can contact [Larry Wolcott](#).
