Event Description: We continue to present all things DOCSIS 3.1. Wth deployments happening all over the industry, what are we learning and what new issues are out there to be aware of? At this session we have 3 great presenters:

Ron Hranac will present an overview and the latest in the world of DOCSIS 3.1. Dustin Tracy from Nokia will discuss challenges in DAA and system measurements, and Al Silva from Viavi will provide demonstrations on how to perform testing in the field of DOCSIS 3.1 signals.

Agenda: 8:00 – Registration

8:30 AM to 9:30 AM – Overview and latest information regarding DOCSIS 3.1 – Ron Hranac, Cisco

9:30 AM to 10:15 AM – Challenges in troubleshooting in the DAA network – Dustin Tracy, Nokia

10:15 AM to 10:30 – Break

10:30 to End - Hands on troubleshooting live DOCSIS 3.1 signals – Al Silva, Viavi
